PLEASE READ

1. All bid openings and any scheduled pre-bid conferences will be held in the City Council conference room located on the fourth floor, room 411, City Hall, 90 Broad Street, Gadsden, Alabama. A pre-bid conference may be requested to review and answer any pertinent questions concerning the bid and the specifications.
2. Each bid must be submitted in a separate sealed envelope and received by the City of Gadsden, Alabama in the City Clerk's office, 90 Broad Street, P.O. Box 267, Gadsden, Alabama, 35902. All bidders must use our bid form and show on the envelope the bid number, name of project (purpose) and opening date. Any bid received after the opening date and time will not be considered. If it becomes necessary to revise any part of this bid, a written addendum will be provided to all bidders.
3. NEAPA encourages utilization of minority business enterprise in our procurement activities. NEAPA provides equal opportunities for all businesses and does not discriminate against any vendor regardless of race, color, creed, sex, national origin, disability, religion or age in consideration for an award.
4. The attached specifications are being provided to potential bidders as guidelines, which describe the type and quality of equipment, supply, and/or service that NEAPA is seeking to purchase. The bidder must indicate compliance or list exceptions to each specification item for consideration. Failure to comply with this provision could be cause for rejection of the bid.
5. The name of a certain brand, make, manufacturer, or definite specification is to denote the quality standard of the article desired but does not restrict the bidder to the specified brand, make, manufacturer or specification names. It is set forth to convey the general style, type, character, and quality of the article desired by NEAPA. Whenever the words "or approved equal" appear in the specifications, they shall be interpreted to mean an item of material or equipment similar to that named, and which is suited to the same use as that named and which is approved by the Purchasing Department. Vendor shall incur all cost involved in obtaining an independent analysis if NEAPA deems it necessary to determine the suitability of items as being approved equal.
6. It will be assumed that all bids are based upon the specifications unless the bidder stipulates to the contrary on the proposal form; in which case, the bidder shall point out in detail any and all deviations from the specifications. Bidders having items, which do not meet the specifications may offer the same on an optional basis. Minor exceptions from the specifications may be considered if they do not alter the performance for the intended purpose.
7. All bids shall be typewritten or printed in ink on the form(s) prepared by NEAPA. Bids prepared in pencil will not be accepted. All proposals must be signed by officials of the corporation or company duly authorized to sign bids. Any bid submitted without being signed will automatically be rejected.
8. All corrections or erasures shall be initialed and dated by the person authorized to sign bids. If there are discrepancies between unit prices quoted and extensions, the unit price will prevail.
9. Prices quoted shall be delivered prices, exclusive of all federal or state excise, sales, and manufacturer's taxes. NEAPA will assume no transportation or handling charges other than specified in this bid. NEAPA is exempted from sales and use tax by 40-23-4(11) and 40-23-62(13), Alabama Code (1975).

10. Prices quoted to the NEAPA shall remain firm for a minimum of 90 days from the date of opening of the bid, unless so stated differently in the bid.
11. The delivery schedule, if any, must be entered in the appropriate space in order for the bid to be considered. If all items cannot be delivered on the same schedule, please note variances.
12. The bidder shall assume full responsibility for warranty of all components of the equipment. A statement shall be attached with the proposal setting out the conditions of the warranty. The manufacturer's standard warranty shall be furnished.
13. If the total amount of the bid exceeds \$10,000, an original bid bond in the amount of 5% (of the total bid) is required. In lieu of a bid bond, the bidder may submit a postal money order, certified check, or cashier's check in the required amount. The bid bond or other security shall be retained by the City until a contract is executed, a purchase order is issued, or in some cases, until materials and/or equipment is received. Failure to submit a bid bond when required will result in rejection of the bid.
14. NEAPA reserves the right to request a demonstration of any and all items bid before making the award.
15. NEAPA reserves the right to accept or reject any or all items covered in the request, or any portion(s) thereof, waive formalities, re-advertise and/or make the award on merit and/or features of design and quality, delivery, and availability of parts and service and/or take such other steps deemed necessary and in the best interest of NEAPA,
16. All bids will be awarded to the lowest responsive and responsible bidder. This determination may involve all or some of the following factors: price, conformity to specifications, financial ability to meet the contract, previous performance, facilities and equipment, availability of repair parts, experience, delivery promise, terms of payments, compatibility as required, other costs, and other objective and accountable factors which are reasonable. When bids are equal, local vendor shall be favored.
17. Unless Special Terms and Conditions of the bid specify otherwise, NEAPA reserves the right to make an award in whole or part to one or more bidders whenever deemed necessary and in the best interest of NEAPA.
18. The successful bidder agrees, by entering into this contract, to defend, indemnify, and hold NEAPA harmless from any and all causes of action or claims of damages arising out of or related to bidder's performance under this contract.
19. All items bid will be inspected by a representative of NEAPA upon delivery to ascertain compliance with the specifications. Items not in compliance with the specifications will be rejected until proper remedial measures are taken to assure compliance.
20. Bidders may be disqualified and bid proposals may be rejected for any of (but not limited to) the following causes:

Failure on the part of the successful bidder to comply with all terms and conditions of this bid shall give cause for NEAPA to terminate the award immediately, and to relieve NEAPA of any and all legal obligations associated with the award. In the event the bidder cannot comply with the terms and conditions of a bid on a particular item or transaction, NEAPA reserves the right to obtain the particular item from other vendors.
23. NEAPA is to be protected against any increase above the price in the bid. Any bid containing an "Escalator Clause" will not be considered unless so stipulated in the Special Terms and Conditions.
24. In accordance with the Alabama Competitive Bid Law, as amended, NEAPA may enter into multi-year leases, purchase, and lease purchase contracts for the acquisition of goods, supplies, materials and all other types of personal property, real property and services for a period not to exceed three years with the following provisions:
- (a) Prices quoted shall be effective for one (1) year beginning from the date of award with the option to renew for two additional year periods. Renewal for additional one year periods will require mutual agreement with NEAPA and the vendor with the bid price remaining the same.
 - (b) Contracts may provide for automatic renewal unless positive action is taken by the NEAPA to terminate such contract, and the nature of such action shall be determined by NEAPA and specified in the contract
25. NEAPA will not be responsible in the event the U.S. Postal Service or any other courier system fails to deliver the proposal to the City of Gadsden, office of the City Clerk, by the deadline stated in the bid request.
26.
